

What You Will Gain By Attending This Class

Attendees of the 30 Hour OSHA class will walk away from this training with a knowledge of OSHA requirements.

The importance of learning and adhering to proper safety procedures, as well as practical understanding of why safety conscious behavior is vital for each and every worker on the jobsite.

This seminar will help to influence a positive “safety culture”, where employees help create a safer work environment.

All who attend will receive an OSHA card from the U. S. Department of Labor and a certificate of completion.
